To Whom it may concern:

As a subrecipient of a Federal Award with Mississippi Department of Environmental Quality, please find enclosed a Request for Qualifications (RFQ) announcement package for individuals or organizations to submit qualifications to provide engineering services as described in the attached announcement.

Thank you for your assistance in making this announcement available for review to qualified individuals or organizations.

Sincerely,

A handwritten signature in blue ink that reads "David P. Brannon". The signature is written in a cursive style with a large, stylized "D" and "B".

David P. Brannon
President

Enclosure: 1

NATIONAL OCEANS APPLICATIONS RESEARCH CENTER REQUEST FOR QUALIFICATIONS INFORMATION PACKET

National Oceans Applications Research Center (NOARC)("Owner") will accept sealed statements of qualifications from qualified firms for professional engineering services in connection with the NOARC Geodetic Control Services ("Project").

Funding for the Project is from the United States Department of the Treasury, through the Mississippi Department of Environmental Quality, as more thoroughly described herein.

If you have any questions concerning the request for qualifications, please call Quinn Houchin, Procurement, NOARC (601) 569-6029.

The services required for this project are:

ENGINEERING: The selected Engineer shall complete engineering services in accordance with applicable State and Federal laws, regulations and procedures. Engineer shall provide professional engineering services, including serving as the Owner's professional engineering representative for the Project, and providing professional engineering consultation and advice.

This project centers around engineering support for providing geodetic control. Geodetic control is the foundation for NOARC geospatial applications research focused in maritime and terrestrial domains. Geodetic control is required for examining mapping accuracies of a variety of experimental instrumentation deployed on unmanned environmental monitoring systems. This work will be conducted in Hancock, Harrison, and Jackson Counties, Mississippi and in Mississippi Sound.

Engineering firms proposing to perform engineering services should submit a list of their qualifications, experience, and capacity for performance. Firms must submit the name of the person within the firm who will be the Owner's contact and will be primarily responsible for rendering services if the firm is selected.

Statements of Qualifications must include the following information:

1. Capabilities, Experience, and Past Performance: Each firm or individual will be evaluated on its demonstrated capabilities and experience to provide geodetic control services in terrestrial and maritime environments to the Owner. Proposers are encouraged to elaborate on their qualifications and performance data or staff pertinent to the proposed project.
2. Key Personnel: Each firm or individual will be evaluated on the experience and education of the key personnel that will be assigned to the Owner's project.
3. Ability to Accomplish Work: Each firm or individual will be evaluated on its ability to provide geodetic control services in a timely manner. Items to be considered include number of qualified staff (emphasis on local staffing), supporting technical staff, availability of

equipment and facilities. Registration as a professional engineer in the State of Mississippi is considered a requirement in the ability to complete the work.

4. Local Experience: Each firm or individual will be evaluated on its familiarity with the expected work area as well as state and local regulations and procedures.
5. Other: Each firm or individual will be evaluated on any supportive information that demonstrates their capabilities to best suit the needs of the Owner.

All statements of qualifications will be rated on the following system to determine the best qualified proposer:

Maximum Points - Description

40 points - Capabilities, Experience, and Past Performance
30 points - Key Personnel
10 points - Ability to Accomplish Work
10 points - Local Experience
10 points - Other

Total – 100 points

The Selection Officials will open and review each statement and select a qualified firm or individual with which to negotiate. Two (2) copies of the statement of qualifications should be packaged, sealed, and properly labeled as follows:

NAME OF FIRM OR INDIVIDUAL
STATEMENT OF QUALIFICATIONS FOR ENGINEERING SERVICES
NOARC Geodetic Control Services

and delivered or mailed to the address below no later than 4:00 p.m. 22 August 2020:

NOARC
7250 Stennis Airport Drive
Suite 206
Kiln, Mississippi 39556

Firms submitting Statements of Qualifications are solely responsible for meeting submittal deadlines. Statements of Qualifications received after the stated deadline will be deemed non-responsive and will not be considered for any contract awarded as a result of this solicitation.

Statements may be held by the Owner for a period of not to exceed ninety (90) days from the date of opening of statements for the purpose of reviewing the statements and investigating qualifications of the applicants prior to awarding. A contract will be awarded to the qualified firm whose statement of qualifications is determined to be most advantageous to the Owner. The Owner reserves the right to waive any irregularities or informalities in the statement(s) of qualifications submitted, reject any and all statements of qualifications, or terminate the solicitation with no contract awarded.

Warranties

By applying to this RFQ, firms/individuals submitting Statements of Qualifications warrant and represent the following:

1. The firm/individual does not have any unpaid Federal tax liability for which all judicial and administrative remedies have been exhausted.
2. The firm/individual has a valid DUNS number and active registration with the General Services Administration's, government-wide System for Award Management Exclusions (SAM exclusions). The SAM Exclusions can be found at <https://www.sam.gov/portal/public/SAM/>.

Statements of Qualifications are being requested in accordance with Item (d)(5) of 2 C. F. R. §200.320 "Methods of procurement."

The Owner is an equal opportunity employer.

Any contract awarded must comply with the Minority Business Enterprise and Women Business Enterprise contracting requirements outlined in "Attachment B" to this solicitation. MBE and/or WBE individuals/firms are encouraged to respond to this solicitation.

**NATIONAL OCEANS APPLICATIONS RESEARCH CENTER (NOARC)
ADVERTISEMENT - REQUEST FOR QUALIFICATIONS
PROFESSIONAL ENGINEERING SERVICES**

Sealed Statements of Qualifications will be received by the National Oceans Applications Research Center at 7250 Stennis Airport Drive, Suite 206, Kiln, MS 39556 until 4:00 p.m., August 21, 2020, for Professional Engineering Services, as described below:

Engineering services for providing geodetic control. Geodetic control is the foundation for NOARC geospatial applications research focused in maritime and terrestrial domains. Geodetic control is required for examining mapping accuracies of a variety of experimental instrumentation deployed on unmanned environmental monitoring systems. This work will be conducted in Hancock, Harrison, and Jackson counties, Mississippi and in Mississippi Sound.

The selected engineer shall complete engineering services in accordance with applicable State and Federal laws, regulations, and procedures. Engineer will serve as the Owner's professional engineering representative for the Project and will provide professional engineering consultation and advice.

The work is relative to a Sub-Award Agreement with the Mississippi Department of Environmental Quality for planning assistance associated with the RESTORE ACT.

Please send request for Information Packet to: ghouchin@noarc.org.

Engineering firms/individuals should submit a list of their qualifications, experience, and capacity for performance. Firms/Individuals must submit the name of the primary contact person and the person within the firm (if applicable) who shall be the Owner's contact and party primarily responsible for rendering services, if selected.

Additional information regarding the scope of work for this solicitation may also be examined at the following locations:

- A. Mississippi Procurement Technical Assistance Program (MPTAP)
Mississippi Development Authority, Minority & Small Business Development
Woolfolk Building
501 North West Street
Suite B 01
Jackson, MS 39201
- B. South MS Contract Procurement Center
1636 Popps Ferry Road, Suite 203 Biloxi,
MS 39532
Phone (228)396-1288

Any contract awarded under this solicitation may be paid for in whole or in part with grant funding from the Department of the Treasury and the Mississippi Department of Environmental Quality under the Resources and Ecosystems Sustainability, Tourist Opportunities, and Revived Economies of the Gulf Coast States Act of 2012 (RESTORE Act). Any contract resulting from this solicitation will be subject to the terms and conditions of said funding award, the RESTORE Act Financial Assistance Standard Terms and Conditions and Program-Specific Terms and

Conditions, the Standard Sub-Award Terms and Conditions, the RESTORE Act, 33 U.S. C. 1321(t), Treasury Regulations 31 C. F. R. § 34 et seq., including 31 C. F. R. §§ 34, Subpart D, all applicable terms and conditions in 2 C. F. R. Part 200 (including Appendix II to Part 200), and all other OMB circulars, executive orders or other federal laws or regulations, as applicable. The Mississippi Department of Environmental Quality, the United States, or any of its departments, agencies or employees is not and will not be a party to this solicitation or any resulting contract.

Minority and women's business enterprises are solicited to submit a statement of qualifications and are encouraged to make inquiries regarding potential subcontracting opportunities. When subcontracting, all potential contractors must make positive efforts to use small and minority owned business and women business enterprises. See 2. C. F. R. §200.321.

If you have any questions concerning the Request for Qualifications, please call NOARC office at (601) 569-6029.

**ATTACHMENT B: CONTRACTING WITH SMALL AND MINORITY BUSINESSES,
WOMEN'S BUSINESS ENTERPRISES, AND LABOR SURPLUS AREA FIRMS**

Documentation of compliance with the following requirements is a matter of contractor responsibility. When subcontracting, the contractor must submit documentation of good faith efforts to meet the project's MBE/WBE requirements before contracted work can commence. (MBE/WBE requirements are outlined below and can be found at 2 C. F. R. §200.321.) Failure on the part of the contractor to submit proper documentation may cause the Owner not to execute or to terminate the contract.

(a) The prime contractor must take all necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible.

(b) Affirmative steps must include:

- (1) Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
- (2) Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
- (3) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
- (4) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and,
- (5) Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

The prime contractor should note that this requirement mandates two responsibilities. Separate solicitations must be made of minority and women's business enterprises.

**SUBMITTAL OF MINORITY BUSINESS ENTERPRISE AND
WOMEN'S BUSINESS ENTERPRISE (MBE/WBE) DOCUMENTATION**

Prior to contract execution, the prime contractor must submit:

- A written certification that no subcontracts will be issued.
- OR -
- The Subcontractor Listing Form detailing all subcontractors from whom quotes were received including name, contact person, address, phone, and status (MBE, WBE or Non).

If subcontractors will be utilized, the prime contractor must submit the following for subcontracts proposed to be awarded to MBE/WBE enterprises:

- A certification from each MBE and/or WBE firm declaring its status as a MBE or WBE firm. This can be an MDOT, SBA or MDA certification. A self-certification is acceptable, if the certification specifies the basis for MBE/WBE designation (e.g., the business is 51% owned and daily operation is controlled by one or more women or minority owners).

If subcontractors will be utilized, the prime contractor must submit the following for subcontracts proposed to be awarded to Non-MBE/WBE:

- For all subcontracts for which there are capable certified MBE/WBE firms existing to potentially perform the work, letters transmitted to MBE and WBE firms requesting quotes or proposals for specific subcontracting opportunities and encouraging inquiries for further details. Solicitations should have been sent in a timely manner, including allowed response time. (See "Sample Letter from Contractor to MBE/WBE Firms" below.)
- A listing of certified MBE and WBE firms from whom quotes or proposals were received, if any, who were not awarded subcontracts.
- Evidence that each Non-MBE/WBE subcontractor selected for the scope of work, was lower in price than each MBE/WBE proposal (or that there is some other acceptable reason to select the Non-MBE/WBE) and that the scope of work was the same for both the MBE/WBE and Non-MBE/WBE.

The contractor may utilize the following resources to assist in MBE/WBE affirmative outreach:

-MDOT Disadvantaged Business Entity (DBE) Website:

<http://sp.mdod.ms.gov/Civil%20Rights/Pages/DBE.aspx>

-MDA Minority Business Enterprise/Women Business Enterprise (MBE/WBE) Directory:

<https://minority.mississippi.org/MinorityBusinessDirectory.aspx>

Should the Prime Contractor intend to later issue a subcontract, the above affirmative steps must be followed and documentation of such submitted to the Owner for review as described under this section.
